IEEE Engineering in Medicine & Biology Society

IEEE Engineering in Medicine and Biology Society (EMBS) is the world's largest international society of biomedical engineers. Members are interested in bioinformatics, biotechnology, biomechanics, clinical engineering, information technology, instrumentation and measurement, micro and nanotechnology, radiology, and robots. They are researchers and educators, technicians and clinicians - **biomedical engineers are the link between science and life science, creating innovations in healthcare technology for the benefit of all humanity.**
